

Environmental Protection Agency Internet Information

EPA Region 2

While Freedom of Information Act (FOIA) requests will be honored by directly writing to Region 2, EPA provides an increasing amount of environmental media information, and other Regional activities via Internet at <http://www.epa.gov>.

Region 2 has provided a FOIA Web site <http://www.epa.gov/region02/foia/> with several online databases from which the environmental information can be retrieved.

- **"Frequently FOIAed Files"** Web site <http://www.epa.gov/region02/foia/fff.htm> covers RCRA and many other media Programs. Through this Web site, you can learn about each media Program, associated databases, and special points of interest. In particular, the ability to "directly download" all of the most commonly requested Region 2 Export Files (.xls) and Reports (.pdf) - all compressed for quicker downloading.

EPA Region 2 has established a **list of contaminated facilities** that are a high priority for cleanup in New York, New Jersey, Puerto Rico and the U.S. Virgin Islands. You can view each facility fact sheet at <http://www.epa.gov/region02/cleanup/sites/>

EPA- Headquarters

- **Envirofacts Data Warehouse** Web site <http://www.epa.gov/enviro/index.html> is a one-stop source to the environmental information. This Web site provides access to several EPA databases with information about environmental activities that may affect air, water and land anywhere in the United States.
- **"My Environment"** Web site <http://www.epa.gov/myenvironment> is a powerful tool that provides a wide range of federal, state and local information about environmental conditions and futures in an area of your choice.
- **The Enforcement and Compliance History Online (ECHO)** Web site <http://www.epa.gov/echo/> provides a list of all inspections and enforcement under most of the environmental statutes.
- **Right-To-Know Network (RTK Net)**, a non-EPA Web site <http://www.rtknet.org/> on-line query engine provides free access to numerous databases and resources on environment.
- **National Biennial RCRA Hazardous Waste Report** Web site <http://www.epa.gov/epaoswer/hazwaste/data/biennialreport/index.htm> provides documents and data on hazardous waste reports.
- **Conditionally Exempt Small Quantity Generators** Web site <http://www.epa.gov/osw/hazard/generation/cesqg.htm> provides information on Conditionally Exempt Small Quantity Generators.

**RE: UPDATE OF INFORMATION FOR EPA ID NO. NJD002167237 AND NOTIFICATION OF
REGULATED WASTE ACTIVITY**

Ladies & Gentlemen:

Please see enclosed a completed RCRA Subtitle C Site Identification Form for the subject EPA Identification Number Site. The Site (former Borne Chemical Company Site in Elizabeth, NJ) was issued an EPA ID number several years ago. Because of the lack of regulated waste activities at the Site, we understand the EPA ID number is no longer active. With this letter and the enclosed form, we are seeking to reactivate the prior EPA ID number for regulated waste activities at the Site which are expected to generate small quantities of hazardous waste in connection with Site remediation that will be performed under the authority of the New Jersey Department of Environmental Protection. These remediation activities are expected to occur sporadically over the next one to two years, beginning in October 2009.

Please contact the undersigned (also identified on the attached form as the new Site Contact Person) if there are any questions about the enclosed form and this request to reactivate the subject EPA ID number.

Sincerely,
